The business to be considered at this meeting is described in the accompanying Notice of Annual Meeting and Management Proxy Circular.

We encourage you to participate in the annual meeting process by voting your shares and if possible, by attending the Annual Meeting. Whether you choose to vote by proxy or in person, we appreciate your participation in this important event.

Sincerely,

Conrad A. Pinette

A shareholder or, subject to applicable laws, an intermediary who holds shares on behalf of a non-registered shareholder ("intermediary") may, by properly marking, executing and depositing the accompanying form of proxy, appoint as proxyholder the persons named in the accompanying form of proxy, or some other person, who need not be a shareholder. The proxyholder may attend and act for the shareholder or intermediary at the meeting and any adjournment thereof.

If a shareholder or intermediary is an individual, the form of proxy must be executed by the shareholder or intermediary or a duly authorized attorney of the shareholder or intermediary. If a shareholder or intermediary is a corporation, the form of proxy must be executed in the presence of a duly authorized attorney or officer of the corporation. Where a form of proxy is executed by an attorney or officer of a corporation, the authorizing documents (or notarized copies thereof) should accompany the form of proxy. Shares represented by a proxy will be voted or withheld from voting, as the case may be, on any ballot that may be called for. A shareholder or intermediary may direct the manner in which the shares represented by the proxy are to be voted by marking the form of proxy accordingly. Where a choice is specified, the shares represented by the proxy will be voted or withheld from voting in accordance with the choice specified. Where no choice is specified in the proxy with respect to a matter identified therein, the shares represented will be voted in favour of any ballot that may be called for on that matter. The accompanying form of proxy confers discretionary authority upon the proxyholder in respect of amendments to the matters identified in the accompanying notice of annual meeting, and in respect of any other matters that may properly come before the meeting.

REVOCAION OF PROXY

SHAREHOLDER PROPOSALS

Shareholders who wish to submit proposals for consideration at the 2007 annual meeting of shareholders must deliver their proposals to the Corporation by no later than December 24, 2006. All shareholder proposals must comply with the applicable requirements of the *Canada Business Corporations Act* and shareholders who wish to make such proposals are urged to seek legal advice to ensure their proposal complies with these requirements in full.

VOTING SHARES

The Corporation is authorized to issue an unlimited number of Common Shares without par value, of which 89,302,830 are currently issued and outstanding. The Board of Directors has fixed the close of business on March 23, 2006 as the record date for the purpose of determining which shareholders are entitled to receive notice of the meeting. Failure to receive such notice does not necessarily deprive a shareholder of the right to vote at the meeting, if the shareholder otherwise complies with the provisions of the By-laws of the Corporation and the *Canada Business Corporations Act* with respect to voting. Each Common Share is entitled to one vote. To the knowledge of management of the Corporation, there is no person who beneficially owns, directly or indirectly, or exercises control or direction over more than 10 percent of the issued Common Shares of the Corporation.

Except as disclosed in this management proxy circular, no director, officer, proposed management nominee, or associate or affiliate of any of the foregoing persons has any material interest in any transaction since the beginning of the Corporation's last completed financial year or in any proposed transaction that has materially affected or will materially affect the Corporation or any of its affiliates.

SECTION II - BUSINESS OF THE MEETING

APPOINTMENT OF AUDITORS

The Board of Directors recommends the re-appointment of Deloitte & Touche LLP as auditors of the Corporation to hold office until the next annual meeting at a remuneration to be determined by the directors.

ELECTION OF DIRECTORS

Pursuant to the By-laws of the Corporation, the Board of Directors has determined that 10 directors will be elected at the meeting. The term of office for all current directors will end on the day of the meeting and management is nominating the 10 individuals described under the heading "Proposed Management Nominees for Election as Directors" which follows. Each director elected at the meeting will hold office until his or her successor is elected at the next annual meeting, unless he or she resigns or is otherwise removed from office earlier.

APPROVAL OF AMENDED AND RESTATED BY-LAW NO. 1

As part of its ongoing commitment to the highest standards of corporate governance, the Board of Directors reviews, from time to time, the Corporation's by-laws and considers whether amendments are required in order to address changes to applicable legislation, corporate governance policies and guidelines and other developments. The Board conducted its most recent review of the Corporation's by-laws in 2005 and concluded that some minor, administrative changes should be made in order to:

- (a) reflect amendments made to the *Canada Business Corporations Act* since the last time the Corporation's by-laws were updated;
- (b) update some terminology relating to the use of telephone and similar electronic facilities for meetings;
- (c) confirm the Corporation's current practice that all members of the Audit Committee should be independent of management of the Corporation;
- (d) clarify and refine conflict of interest provisions to better conform with the approach and terminology used in the *Canada Business Corporations Act*; and
- (e) reflect certain current best practices with respect to corporate governance, including increasing the quorum requirements for meetings of shareholders from 5% to 25% of the total number of shares eligible to vote.

To implement these minor changes, pursuant to Section 103(1) of the *Canada Business Corporations Act*, the Board of Directors approved an amended and restated form of the Corporation's By-Law No.1 ("By-Law No.1"). The full text of the amended and restated form of By-Law No.1 is attached hereto as Schedule A.

At the meeting, shareholders will be asked to consider and, if thought fit, pass the following ordinary resolution pursuant to Section 103(2) of the *Canada Business Corporations Act*:

BE IT RESOLVED that the Corporation's amended and restated by-law No.1, in the form attached as Schedule A to the management proxy circular for this meeting, is hereby ratified, confirmed and approved.

The Board of Directors unanimously recommends that shareholders vote in favour of the proposed resolution at the meeting.

SECTION III - COMPENSATION

HUMAN RESOURCES COMMITTEE

Composition of the Committee

The Human Resources Committee is composed of four independent directors. The current members of the Committee are: J.J. Mooney (Chairman), J.F. Dinning, M.T. Waites and J.M. Willson. In 2005, the Committee met 4 times in person and twice by telephone.

The Committee has prepared the following report to shareholders on the Corporation's current executive compensation scheme:

REPORT ON EXECUTIVE COMPENSATION

One of the key mandates of the Human Resources Committee is to establish a market competitive total compensation program for the executive officers and other key employees. The purpose is to attract, retain and inspire excellence in the performance of executive officers and other key employees. In all its deliberations the Committee takes into account the cost of the Corporation's executive compensation program and the interests of shareholders. The Committee makes recommendations to the full Board of Directors with respect to executive and key employee continuity and any changes to the Corporation's executive compensation program, which the Committee considers to be necessary from time to time.

In arriving at its recommendations, the Committee has access to formal management performance assessments. Further, the Committee receives advice from an independent consultant who provides comparative market data. The peer group includes prominent Canadian industrial companies chosen for similarities to the Corporation in terms of size and complexity. This market data set is also used to develop compensation recommendations for the Chief Executive Officer's compensation.

In addition to market comparisons and individual performance, the Committee considers the long range interests of the Corporation, its shareholders and executive officers, overall financial measures such as share price, return on invested capital, earnings per Common Share and return on common shareholders' equity. In assessing executive performance, the Committee also considers such items as leadership ability, community involvement, health and safety and management of new projects, such as geographic or product expansion, when considering pay decisions, including salary increase and annual and long-term incentive rewards.

Total Compensation Objectives

The objectives of Finning's executive compensation program are to:

- enable the Corporation to attract individuals who have the leadership and management skills to drive the future growth and success of the Corporation;
- retain the services of valued members of the Corporation's executive team;
- motivate executives to achieve excellence within their respective areas of responsibility;
- reward individuals for their contributions to the Corporation's success and encourage a strong link between an individual's compensation and the interests of the Corporation and its shareholders; and
- create and maintain the ability to recognize, differentiate and reward individual performance.

Total Compensation Components & Market Position (Guidelines)

The total compensation program for executive officers is comprised of five components: base salary, a cash short-term incentive program, long-term incentives, benefits & pension and perquisites.

As a general guide in fixing the level for each of the five components of compensation, the Corporation compares its compensation structure with that of its peer group. The table below sets out the approximate positioning of the Corporation's compensation structure amongst its peer group and shows how the Corporation generally varies this positioning based on the Corporation's financial performance.

COMPENSATION COMPONENT**CORPORATION'S PERFORMANCE (% RETURN ON EQUITY)**

	<10%	10%-15%	>15%
Base Salary	50th percentile	50th percentile	50th percentile
Short-Term Incentives	Less than 50th percentile	50th – 60th percentile	75th percentile +
Long-Term Incentives	Less than 50th percentile	50th percentile	50th – 75th percentile +
Benefits & Pension	50th percentile	50th percentile	50th percentile
Perquisites	50th percentile	50th percentile	50th percentile
OVERALL	Less than 50th percentile	50th – 60th percentile	Close to 75th percentile

Base Salaries

As a general rule for establishing the base salary, the Committee reviews competitive market data for each of the executive positions and determines placement at approximately the market median. Base salaries may vary above or below the median depending on individual circumstances. Compensation for executives is reviewed annually to reflect external factors such as inflation and market competitiveness. It should be noted that variations from the above occur in compensating executives in foreign markets to meet market demand and prevailing compensation practices in such markets.

Short-Term Incentives

It is intended that a substantial portion of the executive's compensation be "at risk" and the second component of the compensation plan, the annual short-term incentive award, recognizes this goal. Incentive award plans include a mix of financial, individual and safety performance targets. Incentive bonuses are only paid when performance achieves certain minimum thresholds and increase as actual results exceed those thresholds. The target incentive goal is 45% (maximum 90%) of salary for the executive group and 60% (maximum 120%) for the Chief Executive Officer.

Long-Term Incentives

The third element of total compensation is the long-term incentive plan presently comprised of share option plans and a deferred share unit ("DSU") plan. This long-term incentive plan is intended to emphasize management's commitment to growing the Corporation and enhancing shareholder wealth through consistent improvement in net earnings and return on common shareholders' equity. Stock options were granted in 2005 and 2004 and, although no stock options were granted in 2003, options were granted in some previous years at levels generally reflective of external market competitiveness.

The Corporation's shareholders approved the new 2005 Stock Option Plan for Senior Executives at the 2005 annual meeting, and the Corporation used DSUs and stock options for long-term incentive purposes in 2005. Approximately 50% of the value of long-term incentives were made up of stock option grants and 50% were made up of DSU grants, calculated in each case based on economic value. The Corporation currently expects that long-term incentive grants to senior executives in the future will favour stock options over DSUs.

Stock options and DSUs are granted annually and are generally reflective of the level of management responsibility and external market competitiveness. The DSUs track the value of the Corporation's Common Shares, but do not entitle the holder to receive Common Shares from treasury.

One-third of the stock options vest each year beginning on the first anniversary of the grant date. The DSUs granted since 2002 vest only upon the achievement of pre-defined performance targets. One quarter of the DSUs granted in a particular year will vest when the Corporation's Common Shares increase in price by 10%, 20%, 30% and 40% above the price of the Corporation's Common Shares at the time of grant. Each level of price increase must be maintained in the marketplace for a period of not less than 10 consecutive trading days within five years following the date upon which the DSUs are granted. If the vesting target is not reached and maintained for at least 10 consecutive trading days within a five-year period following the date granted, the number of DSUs attributable to that target will become null and void. Vested DSUs accrue notional dividends that are allocated in the form of additional DSUs based upon the fair market value of Common Shares on the dividend payment date.

Vested DSUs can only be converted into a cash payment or shares upon termination of employment or retirement from the Corporation. DSUs accordingly focus attention on sustained shareholder return.

The Corporation is subject to mark-to-market accounting for vested DSUs until termination of employment. Stock options granted after December 31, 2003 are accounted for by the Corporation as a compensation expense over the three-year vesting period of the stock options.

Pension Plan

Another element of executive compensation is the Corporation's pension plan, which is discussed in detail later in this management proxy circular.

Chief Executive Officer Compensation

The Chief Executive Officer's compensation package is based on an independent review of compensation practices within a group of "peer" companies chosen upon the recommendation of external independent compensation consultants. The peer group includes prominent Canadian industrial companies chosen for similarities to the Corporation in terms of size and complexity. This market data set is also used to develop compensation recommendations for other members of the Corporation's executive team.

Salary - The salary of the CEO is determined by an analysis of the CEO's position versus the market data for CEOs of the companies in the Corporation's peer group, and with consideration for the CEO's performance. The Board conducts the assessment of the CEO's overall performance, taking into account his absolute performance relative to objectives agreed to at the beginning of each year, and his success in delivering value to shareholders. Within this framework, the Board's decision may therefore result in a salary above or below the market median, which is the level normally targeted by the Board. Actual salary paid to the CEO in 2005 positioned him at the 52nd percentile of the Corporation's peer group.

Annual Incentive Award –The CEO has a target award of 60% of salary, with an annual incentive opportunity ranging from 0% to 120% of salary. The performance measures used to determine the annual incentive award, the weighting at a target and maximum attached to each measure, and the 2005 Incentive Award are:

	Weighting for each performance metric		2005 Target	2005 Results	2005 Incentive Award
	Target	Maximum			
Earnings per Share (EPS) ⁽¹⁾	27% of salary	54% of salary	\$2.10	\$2.00	14.71% of salary
Return on Equity (ROE) ⁽¹⁾	13% of salary	26% of salary	15%	12.9%	4.27% of salary
Workplace Safety ⁽²⁾	10% of salary	20% of salary	1.0	0.72	0% ⁽³⁾ of salary
Personal Objectives ⁽⁴⁾	10% of salary	20% of salary	N/A ⁽⁴⁾	15%	15% of salary
TOTAL	60% of salary	120% of salary			34% of salary

During 2005, executives of the Corporation, including the executive officers, except Nicholas B. Lloyd, were covered by the Finning International Inc. Retirement Plan (Executive Group) (the "Plan"). The amount of pension payable under the Plan is determined as 2% of a participant's average final earnings multiplied by the total number of years of credited service to a maximum of 35 years. Average final earnings are defined as the average annual pensionable earnings during the 36 consecutive months within the last 10 years of employment in which such earnings were the highest. For pension purposes, executive officer's earnings are equal to 130% of base salary. In 2005, the Plan benefits were subject to a statutory ceiling of \$2,000 of annual pension for each year of credited service. Pensions are reduced for retirement earlier than at age 60.

During 2005, there was a supplementary income plan ("SIP") in force covering all members of the Plan. The amount of pension supplement provided by the SIP is the difference between the amount of pension payable under the Plan and an amount calculated in accordance with the Plan but assuming no statutory ceiling applies to each year of credited service. A 2-½ year service bonus component is part of the pension calculation at age 60 for any member who joined the SIP prior to August 2, 2004. If the total annual amount of pension from the Plan and the SIP exceeds 70% of a participant's final average earnings, it will be reduced to be equal to 70% of the participant's final average earnings.

Mr. Whitehead is entitled to an additional supplement to his pension payable from the SIP. Mr. Whitehead has accrued an additional two years of service for each year of credited service up to December 31, 2003 and one additional year of service in respect of each of 2004 and 2005. In addition, he will accrue an additional year of service for each year of credited service earned after December 31, 2005. Mr. Whitehead's annual pension has been capped at \$450,000, at his own request and as part of Finning's global pension cost reduction initiative.

Mr. Lloyd is a member of the Finning (UK) Ltd. Pension Scheme, which will provide him with a pension at age 62 equal to 2% of final pensionable salary multiplied by the total number of years of credited service. Final pensionable salary, determined at retirement, is equal to the greater of basic annual remuneration at the previous April 6 and the highest annual average pensionable salaries over any three consecutive years during the previous 10 years. Mr. Lloyd was required to contribute to the scheme at the rate of 7% of pensionable salary. Beginning February 1st 2006, Mr. Lloyd is required to contribute to the scheme at the rate of 12% of pensionable salary.

The pensionable salary for 2005 (equal to 130% of base salary for all but Mr. Lloyd), the estimated credited years of service at age 60, the estimated annual pension benefit payable, and the present value of the accrued liability and annual current service costs for each of the Corporation's executive officers is provided in the following table:

Executive Officer	Pensionable Salary for 2005	Estimated Credited Years of Service	Estimated Annual Benefits	Accrued Liability	Service Cost	Vested Status
Douglas W.G. Whitehead	\$ 1,092,000	23	\$ 450,000 ⁽¹⁾	\$ 5,903,300	\$ 0	Vested
Nicholas B. Lloyd	£ 250,000	40 ⁽²⁾	£ 200,000	£ 3,116,000	£ 58,000	Vested

Brian C. Bell	\$ 435,500	16	\$ 139,000	\$ 917,000	\$ 101,000	Vested
Wayne M. Bingham ⁽³⁾	\$ 578,500	N/A	N/A	N/A	N/A	N/A

Notes:

- (1) Mr. Whitehead's annual pension at retirement has been capped at \$450,000, at his own request.
- (2) Mr. Lloyd is a member of the Finning (UK) Ltd. Pension Scheme, and his Estimated Credited Years of Service is based on a normal retirement age of 62.
- (3) Mr. Bingham resigned his position with Finning effective January 31, 2006. Therefore, his pension entitlement will be adjusted accordingly in 2006 as no benefits will accrue after January 31, 2006.

COMPENSATION OF DIRECTORS

The Chairman of the Board, Conrad A. Pinette, received an annual retainer of \$175,000 in 2005, but did not receive meeting fees or the travel allowance. Directors who are also employees of the Corporation or its subsidiaries do not receive any additional remuneration for acting as directors. Fees payable to other directors for directors' and committee meetings are set out in the table below. If a meeting is held in the city in which a director is resident, he receives a directors' meeting fee of \$1,500 and a fee of \$1,500 for each committee meeting attended. If a meeting is held at a place other than the city in which a director is resident, he receives an additional \$1,500 travel allowance; and if held on a different continent, he receives an additional travel allowance of \$3,000, in recognition of the time required to travel to and from the meeting.

Directors' Remuneration	Amount
Basic Annual Retainer	\$ 21,000
Audit Committee Chair Additional Retainer	\$ 12,000
Other Committee Chair Additional Retainer ⁽¹⁾	\$ 7,000
Audit Committee Member Additional Retainer	\$ 6,000

Committee Meeting Fee ⁽¹⁾	\$ 1,500

Committee Conference Call Meeting Fee	\$ 1,000

(1) In 2005, The Environmental, Health and Safety Committee Members waived their Additional Retainers and Meeting Fees as a result of an employee fatality.

In 1993, the Corporation established a stock option plan for the directors of the Corporation and also established a stock option plan for the Chairman of the Board of Directors of the Corporation. No options have been granted under either of these plans since April, 2001.

As of the date of this management proxy circular, there were options to acquire 104,667 Common Shares outstanding under these two plans. No further options will be issued under either of these plans.

In lieu of the granting of options to directors, the Corporation issues DSUs to external directors pursuant to the terms of a Share Accumulation Plan for External Directors which was approved by shareholders at the annual meeting held April 26, 2000. Under that plan, directors who are not full-time employees of the Corporation or any of its subsidiaries have the right to acquire DSUs by way of an annual award and in lieu of cash compensation payable for service as a director. DSUs are issued at the fair market value of the Corporation's Common Shares on the date of issuance. DSUs accrue notional dividends that are allocated in the form of additional DSUs based upon the fair market value of Common Shares on the dividend payment date. A total of 1,775 notional dividends were granted to present directors during 2005. When an eligible director ceases to serve on the Board of Directors, he or she will be entitled to receive the value of the DSUs from the Corporation, payable (at the election of the eligible director) either in cash or in Common Shares of the Corporation. If an eligible director elects to receive payment in the form of Common Shares, the Corporation will purchase such Common Shares, on behalf of the eligible director, on the Toronto Stock Exchange. DSUs do not entitle eligible directors to voting rights.

In 2003, 2004 and 2005, each present director who was not an employee of the Corporation was granted the number of DSUs set out in the table below. A total of 14,886 DSUs were granted to directors in 2005.

The Corporation's Board of Directors and management are committed to the highest standards of good corporate governance and understand that such standards are central to the efficient and effective operation of the Corporation in a manner that ultimately enhances shareholder value.

In 2005, National Instrument 58-101 – *Disclosure of Corporate Governance Practices* ("NI 58-101") and National Policy 58-201 – *Corporate Governance Guidelines* ("NP 58-201") were adopted by Canadian securities regulators. NI 58-101 requires issuers such as the Corporation to disclose certain corporate governance practices they have adopted. NP 58-201 provides additional guidance on corporate governance practices.

As required by NI 58-101 and other applicable regulatory instruments, the following disclosure describes the corporate governance policies and initiatives developed by the Corporation. For additional disclosure relating to the Corporation's compliance with the requirements of NI 58-101, see Schedule B.

BOARD MANDATE AND COMPOSITION

The Board of Directors has overall responsibility for conduct of the business and affairs of the Corporation. The Board discharges this responsibility both directly and through delegating certain authority to committees of the Board and to senior management of the Corporation.

The direct responsibilities of the Board include:

- (a) choosing the Corporation's Chief Executive Officer, who is responsible for all of the Corporation's day-to-day operations;
- (b) reviewing and approving a strategic plan that takes into account an identification of business opportunities and business risks;
- (c) overseeing and monitoring management's systems for the operations of the Corporation;
- (d) monitoring and assessing the Corporation's performance in meeting both short and long-term goals established by the Board;
- (e) directly reviewing and approving major transactions proposed by management;
- (f) reviewing reports and recommendations from committees of the Board with respect to matters such as succession planning and preparation of financial statements and giving necessary directions to management;
- (g) reviewing the content of significant communications with shareholders and the investing public, including this management proxy circular; annual reports, annual information forms and quarterly and annual financial statements; and
- (h) approving the appointment and remuneration of all corporate officers.

The Board of Directors is currently made up of 10 members. The Board has considered which of its members are "independent" for purposes of NI 58-101 and concluded that all directors, other than Douglas W.G. Whitehead (who is the President and Chief Executive Officer of the Corporation) are independent.

In addition, in order to ensure that the Board can function independently from management, the Corporation has separated the role of Chairman of the Board (currently Conrad A. Pinette) and Chief Executive Officer (currently Douglas W.G. Whitehead).

Finally, each year the Board (with the assistance of the Corporate Governance Committee) formally reviews its own performance, the performance of each committee of the Board, the performance of the Chairman of the Board and the performance of the Chief Executive Officer. In addition, a formal process of individual director peer assessment has been adopted.

As part of its oversight responsibilities, the Board has approved a number of written policies, job descriptions and mandates. These include: "Terms of Reference for the Board of Directors" (attached hereto as Schedule C); "Terms of Reference for the President and Chief Executive Officer"; "Terms of Reference for the Corporate Governance Committee"; "Terms of Reference for External Auditor"; a "Code of Ethics and Conduct"; a "Code of Ethics for Senior Financial Officers"; a "Whistleblower Policy"; a "Policy on Share Trading and Use of Material Information"; a "Corporate Disclosure Policy"; and an "Employee Privacy Policy". The full text of each of these policies can be found on the Corporation's website at www.finning.com. In addition, any shareholder may request paper copies of any such policy by contacting the Corporate Secretary.

The Code of Ethics and Conduct, the Code of Ethics for Senior Financial Officers and the Policy on Share Trading and Use of Material Information are signed by appropriate employees in order to confirm that such employees are aware of these policies and to acknowledge that they are bound by the terms thereof.

During 2005, the Board of Directors met on 7 occasions, including one special meeting devoted exclusively to the Corporation's corporate strategy and direction. 6 of these meetings were in person and 1 was by telephone. At its meetings, the Board regularly discusses issues without the presence of management.

ORIENTATION AND CONTINUING EDUCATION

The Board has recently adopted a new Director Orientation and Continuing Education Program. The purpose of the program is to familiarize new directors with the Corporation and its business and to facilitate Board members access to relevant education programs. The program is overseen by the Corporate Governance Committee.

All new directors are provided with a detailed package of information describing the Corporation and its business. In addition, all new directors meet with senior management for detailed briefings on strategic plans, governance structures and codes of conduct, significant accounting and risk management issues, financial reporting and accounting policies and procedures and other topics. Finally, where appropriate the orientation program involves direct visits to plant sites and facilities.

The continuing education portion of the program involves periodic presentations on specific topics related to the Corporation and its business and regular visits to plant sites and facilities (including scheduling Board meetings at such sites and facilities from time to time). In addition, the Corporate Secretary is responsible for identifying other available relevant educational programs and informing the Board of those opportunities.

Each director ultimately assumes responsibility for keeping himself informed about the Corporation's business and relevant developments outside the Corporation which affect its business. Management assists directors by providing them with regular updates on relevant developments and other information which management considers of interest to the Board.

ETHICAL BUSINESS CONDUCT

As noted above, the Corporation has adopted a Code of Ethics and Conduct which governs the behaviour of all directors, officers and employees of the Corporation and its subsidiaries. The Code sets out the fundamental terms upon which the Corporation conducts its business and deals with subjects such as compliance with laws, fiscal integrity and responsibility, health and safety, care of the environment, conflicts of interest, ensuring equal opportunities and providing a workplace free from harassment. The full text of the Code of Ethics and Conduct can be found on the Corporation's website at www.finning.com.

COMMITTEES OF THE BOARD OF DIRECTORS

There are currently 4 committees of the Board of Directors: the Corporate Governance Committee, the Audit Committee, the Human Resources Committee and the Environmental, Health and Safety Committee. Each committee operates in accordance with Board-approved terms of reference. The Board may create a new committee or disband a current committee whenever it considers it advisable to do so, provided that the Corporation must always have an Audit Committee.

The Board rotates committee members and committee chairs from time to time as required. In doing so, the Board tries to make use, to the extent possible, of the particular expertise of each of the directors.

Committee chairs, in consultation with members, determine the frequency of meetings for each committee, provided that a committee must at all times comply with its terms of reference. The agenda for each meeting is established by the committee chair in consultation with appropriate members of management and the Corporate Secretary. Each committee reports to the full Board with respect to each of its meetings.

Committee members are appointed annually following the Corporation's annual meeting. The Corporate Governance Committee provides recommendations to the Board in respect of all such appointments.

The following is a description of the composition and mandate for each of the committees of the Board.

THE CORPORATE GOVERNANCE COMMITTEE

The terms of reference for the Corporate Governance Committee require that it be comprised solely of independent directors. The current members of the Committee are D.S. O'Sullivan (Chairman), J.J. Mooney, C.A. Pinette and A.H. Simon.

The mandate of the Corporate Governance Committee is to enhance corporate performance by assessing and making recommendations regarding Board effectiveness and by establishing a process for identifying, recruiting, appointing and re-appointing directors and providing for the on-going development of current Board members.

A healthy governance culture demands that both management and the Board engage in continuous constructive discussions to delineate their respective roles in changing circumstances. The Corporate Governance Committee monitors the flow of information between the Board and management and, where necessary, makes recommendations on improving these lines of communication.

The Committee met 4 times in person in 2005 in conjunction with regularly scheduled Board meetings. During its meetings, the Committee dealt with various corporate governance matters consistent with its terms of reference contained in the Corporation's Board policy manual. The Board policy manual sets out responsibilities and terms of reference for the directors, the Chairman of the Board, the Chief Executive Officer and the various committees of the Board and includes a review process for the Chairman of the Board, the Chief Executive Officer, the Board, the Board Committees and individual directors. The most recent review process was conducted throughout 2005 and concluded in early 2006.

The Committee also reviews the Board policy manual from time to time and recommends amendments to its provisions as required.

THE AUDIT COMMITTEE

The terms of reference for the Audit Committee require that it be comprised of at least three independent directors. The current members of the Committee are A.H. Simon (Chairman), R. Bacarreza, T.S. Howden, D.S. O'Sullivan and M.T. Waites. In addition, Conrad A. Pinette attends meetings of the Audit Committee in his capacity as Chairman of the Board. All Committee members are required to be financially literate and at least one member is required to have accounting or related financial management expertise. During 2005, Mr. Waites was the designated "financial expert" member of the Committee. Mr. Waites will not stand for re-election at the 2006 Annual Meeting of Shareholders. If elected, Mr. John M. Reid will be appointed member and the designated "financial expert" member of the Committee.

The Committee provides assistance to the Board of Directors in fulfilling its oversight responsibility to the shareholders with respect to the

Corporation's: (a) financial statements; (b) financial reporting process; (c) systems of internal and disclosure controls; (d) internal audit function; (e) external audit function; (f) financial arrangements and liquidity; and (g) risk identification, assessment and management program.

It is the responsibility of the Committee to maintain an open avenue of communication between itself, the external auditors, the internal auditors and the management of the Corporation. In performing its role, the Committee is empowered to investigate any matter brought to its attention, with full access to all books, records, facilities and personnel of the Corporation. It is also empowered to retain outside counsel or other experts as required.

The Committee met 4 times in 2005 in conjunction with regularly scheduled Board meetings.

Fees paid or accrued by the Corporation and its major business units or subsidiaries for audit and other services provided by Deloitte & Touche LLP (the Corporation's external auditors) during 2005 and 2004 were as follows (such amounts were billed in various currencies and converted to Canadian dollars using the exchange rates in existence at the time of billing):

Type of Service Provided	2005	2004
Audit Services	\$ 2,262,750	\$ 2,191,400
Audit-Related Services ⁽¹⁾	\$ 61,200	\$ 62,700
Tax Services ⁽²⁾	\$ 862,975	\$ 1,678,896
Other Services ⁽³⁾	Nil	Nil
Total:	\$ 3,186,925	\$ 3,932,996

Notes:

- (1) Audit-related services include assurance and related services, such as audits of the Corporation's pension plans, that were reasonably related to the performance of the audit or review of the Corporation's financial statements not reported as Audit Services.
- (2) Tax services include tax compliance reviews, review of the tax impact of specific transactions, assistance with inquiries from tax authorities and international relocation advice.
- (3) Other services would include any non audit-related or non tax services.

The Audit Committee has adopted a formal policy requiring the pre-approval of non-audit services to be provided by its external auditors, Deloitte and Touche LLP, prior to the commencement of the engagement. Between regularly scheduled Audit Committee meetings, the Committee has delegated to the Chair of the Audit Committee the authority to approve individual non-audit service engagements that have not been pre-approved. All engagements where such approval was granted will be reported at the next Audit Committee meeting. Under no circumstances will the Corporation's management engage the external auditors to perform services that have not been approved by the Audit Committee. Management and the external auditor are required to report quarterly to the Audit Committee all services provided by the external auditor and fees paid or accrued for the fiscal year-to-date.

The Committee determined that the provision of the audit-related and tax-related services described above did not compromise the independence of Deloitte & Touche LLP for purposes of performing audit services for the Corporation. In addition, as the Corporation's external auditors, Deloitte & Touche LLP are required to comply with the terms of the Corporation's "Terms of Reference for External Auditors".

Internal and Disclosure Controls

The Committee requires the Corporation to maintain appropriate internal control procedures, including internal controls over financial reporting. Pursuant to Multilateral Instrument 52-109 (MI 52-109) issued by the Canadian Securities Administrators (the "CSA"), the Corporation's Chief Executive Officer and Chief Financial Officer are required to certify the Corporation's interim and annual filings.

The Audit Committee, both directly and through oversight and direction of management, has taken steps and implemented processes to ensure that the Corporation complies with its obligations under this instrument.

These steps include:

- Ensuring the appropriate level of internal controls, analysis and reporting systems are in place to permit the Chief Executive Officer and Chief Financial Officer, or the person performing those functions ("Certifying Officers") to provide all necessary certifications of the Corporation's interim and annual filings. In 2004 and 2005, the Certifying Officers certified that the interim and annual filings did not contain a misrepresentation or omission of a material fact and that the filings present fairly the Corporation's financial condition, results of operations and cash flow. In addition, beginning with the 2005 annual filing, the Certifying Officers have also certified that disclosure controls and procedures have been put in place, and that these controls and procedures provide reasonable assurance that all relevant information considered necessary for disclosure has been communicated to management on a timely basis and disclosed in the annual filings.
- Monitoring the Corporation's progress on its project related to management's first report on the assessment of the effectiveness of internal controls over financial reporting currently proposed under MI 52-109. Management's first report is expected to be signed as at December 31, 2007.

Enterprise Risk Management

The Corporation is dedicated to a strong risk management culture to protect and enhance shareholder value. As such, the Corporation has adopted an Enterprise Risk Management approach to identifying and evaluating risks. On a quarterly basis, the Audit Committee reviews the Corporation's processes with respect to risk assessment and management of key risks, including the Corporation's major financial risks and exposures and the steps taken to monitor and control such exposures. The Enterprise Risk Management Process involves the identification, by each of the Corporation's significant operations, of key risks that could impact the achievement of the Corporation's strategic plan. The management of each of these key risks is monitored closely and disclosed annually in the Corporation's annual information form. Any changes to the key risks are disclosed on a quarterly basis in the Corporation's interim financial filings.

For more information regarding the Audit Committee and its mandate, please refer to the section entitled "Audit Committee" in the Corporation's most recent annual information form.

THE HUMAN RESOURCES COMMITTEE

The composition and one of the key mandates of the Human Resources Committee with respect to human resources and compensation matters is described in full earlier in this management proxy circular. In addition, the Committee reviews and approves the succession plan for the Chief Executive Officer and for the executive leadership team; reviews and approves any significant changes to the organizational structure; and reviews engagement of the workforce. The Committee also reviews, with the Corporation's management pension committee: (a) the pension fund investment strategy; (b) the choice of fund manager(s) for the Corporation's pension funds; (c) the ongoing performance of the fund manager(s); (d) the design and benefits of the Corporation's pension plans; and (e) contribution levels and funding status of the Corporation's pension plans.

THE ENVIRONMENTAL, HEALTH AND SAFETY COMMITTEE

The terms of reference for the Environmental, Health and Safety Committee require that it be comprised of at least three directors, at least two of whom must be independent directors. The current members of the Committee are: J.M. Willson (Chairman), R. Bacarreza, J.F. Dinning, T.S. Howden and D.W.G. Whitehead.

The mandate of the Committee is to encourage, assist and counsel the management of the Corporation in its drive towards attaining and maintaining a high level of performance in areas relating to the environment, health and safety. The Committee also seeks to ensure, through the management of the Corporation, that the Corporation's employees and contractors enjoy a safe and healthy workplace.

The Committee pursues the corporate goal of reducing injuries in the workplace through the adoption, monitoring and enforcement of policies and procedures designed to meet or exceed the environmental, health and safety goals which the Corporation has set for itself and applicable regulatory requirements.

The Committee met 4 times in 2005 in conjunction with regularly scheduled Board meetings.

MINIMUM SHAREHOLDING REQUIREMENTS

The directors of the Corporation have fixed minimum requirements for share ownership by the Corporation's directors, the Chief Executive Officer and executive management. These requirements are described below.

Within two years after their appointment or election to the board, each director must hold the greater of: (a) Common Shares having a value equal to the annual fee then paid to directors; or (b) 2,000 Common Shares. Within five years after their appointment or election to the board, each director must hold the greater of: (a) Common Shares having a value equal to three times the annual fee then paid to directors; or (b) 5,000 Common Shares.

The Chief Executive Officer is required to hold, at a minimum, that number of Common Shares and vested DSUs of the Corporation with a value equal to three times annual salary within five years after appointment to that position.

Executive management members are required to hold, at a minimum, that number of Common Shares and vested DSUs of the Corporation with a value equal to 1.5 times annual salary within five years after appointment to that position.

The Corporate Secretary of the Corporation annually reviews compliance with the foregoing requirements. The most recent review indicates that all directors, the Chief Executive Officer and executive management are not only in compliance, but exceed applicable targets.
