

Finning (UK & Ireland) Environment Policy Statement

At Finning UK & Ireland we recognise our responsibilities towards the local, national and global environment in which we carry out our business. We recognise that our customers, the public and our employees expect a responsible approach by the Company towards minimising the impact our activities have on the environment.

Accordingly we are committed to:-

- Meeting the standards imposed by environmental legislation and self-imposed corporate policies/standards.
- Pollution prevention and continual improvement in environmental performance, working with the framework of an Environment Management System meeting the requirements of ISO14001:2015.
- Monitoring and maintaining an Environment Management System that provides a framework for setting and reviewing objectives and targets.
- Ensuring that environmental criteria are taken into account in the acquisition and operation of sites.
- Engaging with suppliers to improve standards.
- Working with customers to minimise the environmental impact of equipment in use on their site.
- Training personnel in environmental awareness to enable procedures to be followed to encourage the creation of an environmentally aware workforce.
- Promoting a good neighbour policy to minimise and respond to any adverse effects we may have on others and on the environment.
- Effectively communication this policy to all employees, major customers and other stakeholders

On behalf of Finning UK & Ireland:

David Primrose, Managing Director
